

Support your local school

MOTHERS

Mothers, who don't work outside the home, can help the Foundation Phase learners' **reading** in class. This is known as a Reading Mom.

Moms, help the school organise a **Feeding Scheme** so that all children can have one healthy meal per day.

COMMUNITIES

Don't throw away your old books. **Donate** them to the School Library.

Take your **old clothes** to your local school. Old clothes are always welcome, especially for the winter. Communities can help to build extra classrooms

PARENTS

Parents, become **actively involved** in your child's school. How can you help?

LOCAL BUSINESS

Local business can provide prizes for fun days, **give** schools your old **computers** or bursaries to learners in need

FAMILIES

Let's all collect cans, bottles and paper for **recycling**. This way we can clean up our community and raise funds for our school.

FATHERS

One of the most precious gifts that we can give a child is our time! Fathers, try to organise **sports clubs** or recreational activities at school and have some FUN!

Dads, please share your handyman skills. Help the school with **maintenance** like painting or fixing broken tables and chairs.

LEARNERS

Did you know that if you **grow vegetables** at home or at school you could help to feed families who do not have enough food and raise money for your school

HEALTH

Community Health Services can **visit schools** to maintain health standards at the schools

RELIGIOUS LEADERS

Help teachers to promote good moral values in the learners. This can be done through curriculum activities.

LEARNERS & TEACHERS

Learners and teachers, visit the elderly people in your community once a week. **Read** from the daily newspapers or **sing** to them.

SCHOOLS

Teachers, **share** your **knowledge** and skills with the community by offering skills development courses.

Your local school is ...

School Name:

School Tel number:

School Address:

Principal's name:

SABC Education working with the Department of Education to support whole school development.

Note to teachers:

- Write your school's name and address clearly in the blank space in the center of this poster.
- Display this poster where many people from your community will see it, for example, the church, shops, clinic, etc.
- Cut off this bottom strip before displaying the poster.
